Subject: Additional comments from meetings out in Bristol BAY
Attachments: 2014 Draft BB Village Meeting Additions for RTC.docx

Here are the additional comments I identified consistent with the level of comment capture I was doing for Anchorage and Seattle.

The good news is that seven of the longer comments (highlighted in purple) are ones that were picked up by Horsley Witten during their comment analysis.

The other meeting comments that were identified in the main body of the RTC are in the table that you are working on.

Making progress!
